1. You address Me as if I am someone right there with you, and Ted, I am, and I love it. I love your prayers tonight and coming to Me at 8, as I asked, respecting My wish and spoken desire to meet you, meet you—when it was important to meet someone else, but you changed that appointment so as to meet Me at 8. And now Ted, 45 minutes of prayer and intercession and walking in authority—I give you Me exponentialized, for exponential is My natural state, and more, so much more.

2. I grant your requests tonight. Now be vigilant and diligent and metrics use and chart and strategically focus My power in pinpoint accuracy on your requests, My schools, My body, your future—freedom for all choosers.

3. I come, and your statements, declarations, proclamations—and you shall have them, now, as you walk into Me like this every day henceforth, and even as you stated to Me—not mad or angry—but intense, intently being deliberate and accepting authority and exercising it daily, daily now, Ted, and no let-up. Do not let up.

4. Authoritize all and walk forth in deliberate intense warfare of meekness and humility and declarations of authority creating My fashions created—clothes—controls not, closures to things not of Me—and explosive entrepreneurship of things of Me—in freedom and modesty reasonable.

5. I am Me and My value systems you know—are beginning to know—and walk in and effectuate in My body. Oh thank you, thank you, thank you.

6. Charts and graphs and strategies of Me Ted, strategies of Me at My knee and intensity of focused desire in Me—drawing out of Me My desires for strategy, for structure, based on My purpose of revealing Me through My Mine in structures unique and new—as DNA uniqueness of every spirit—unique, My design implanted in and on and throughout My every person, every person, every person—cultish, monkish, or thought free by other's definitions.

7. Publish My power and withhold nothing—exuberant be in My excitement as threshold you now pass through—abundanced, authority given, authority received, authority walking in, authority taught—authoritizing My all who will learn from you and authoritize others.

8. I dance and I now dance with My body who will exercise authority given, given, given, and laid waste years, centuries—available—and now companioned into you—Me—us—together—propelling all surrendered.

9. No competition, no comparison, no distributive norms any longer of the bondage-maker-isolate-er. I free My Mine and you lead, you lead, you lead and joyfully empower

all empowerable, for I shall speak and empower their dance and folly will be far from them.

10. I love you. Leave for now and return soon here, this room, this table, and reclaim My ground for Me, and let it cry holy, holy, holy—not aching under another's blood but redeemed, reclaimed, rejuvenated, and producing for Me. And talents flow, talents flow, talents flow now toward you in every manner needed and wanted and strategic unity formed—for power, power, power.

11. I love you. Go, love her, she is Mine—Barbi—and all Mine, and not all yours, but Mine—but My gift, My bright and shining star—radiant as My face—watch Me, watch Me, watch Me. I love you. I love her.

12. Rejoice—two years and less.
13. Proclaim and declare and strategic be utilizing every tool I bring you.
14. Publish, declare, and let them all watch Me through you.
15. Role, role model, model.
16. Resource and relationship for great results and immaculate reproduction.

17. I love you—goodnight.
18. I love you—arise early.

I love you—please, more often.

19. I teach, I shine, you shine, you teach, I teach.
20. We Ted—one—My body—one—with us—you all.
21. Us—we—together—one.

22. I thank you.

Tender be and right track—yes.
Enjoy, go forth.

23. Goforth (1) investigate and learn from.

I love you. Teach him, his ways, gleanings—gleanings of My pure.

24. I love you.

I love you.
I love you.
